

Last Saturday's SER event was held on the path from Twilight Beach, heading back towards town. The weather was warm and breezy and perfect for a run or walk.

The distances available were 2km, 4km or 8km, with the 4km run and 2km walk events proving the most popular with ten competitors each.

The finish of the 2km run event was the most entertaining though, with Max Campbell putting in a mighty effort to overtake Jack Sharpe on the line. This was Max's first run with the club, and it was a memorable one. Jack also put in a good effort to record a personal best time by 48 seconds. Coreen Maynard took out third place.

Rebecca Campbell made it a quinella for her family by taking out first place in the 2km walk. Cindy Sharpe was second, and Fredrick and Liezl De Beer virtually finished together for third place.

In the 4km run young Michaela Maynard ran well well to take out first place. Second went to James Rae, and third to Christian Smith.

For the 4km walk there were no challengers to Chris Cassam, even though he had the stroller this weekend. His wife Leanne was second, with Howard Reddyhough third.

Owen Critchley and Richard Brown were the only takers for the 8km run event, although Richard didn't make it to the race briefing, resulting in him running a considerably longer distance!

There is no run next Saturday due to the Australia Day holiday weekend. The next event will be held on February 1st on the bush track starting near Twilight Beach.
