

Last weekend's South East Runners' run and walk events were held out on the beautiful tracks of the 10-mile Wind Farm. Despite some initial anxiety among the newer members of the club, all participants made it safely back to base without getting lost!

The distances were around 1.5km, 5km, and 10km, with Andy Maccan being the only runner brave enough to tackle the longer distances.

Jack Sharpe was the first runner to finish in the shorter distance, just four seconds ahead of Cameron Harris. Hot on their heels was Jack's sister Dana, with Adam Maccan close behind her. In the shorter walk distance Cindy Sharpe added to the family's glory by finishing first, just a second ahead of her son Paul. Liam Critchley was the third walker back.

In the middle distance Michael Spencer took out first place, followed by Jason Riggs in second, and Kaden Brown in third place. For the walkers Chris Cassam was once again the first to finish, with Jordyn Ogle in second, and Brody Ogle third.

Next Saturday's event will start from West Beach, at the Twilight Beach Rd/John St car park. Start time is 4pm
