

The South East Runners' event last weekend started from the car park at Blue Haven beach and took runners and walkers on a course back towards town and return. Conditions were windy and cool.

The first three places in the 2km run went to junior runners, who acquitted themselves very well in quite challenging conditions. Alex Middleton was the first runner back, followed by Caitlin Oversby in second, and Jayme Ammon in third place. For the walkers Ian Oversby took line honours just a second ahead of his wife Karen, with Leanne Cassam pushing Abbie and Nathan in the pram in third place.

Chris Cassam was the only taker for the 5km walk, and recorded a great time not far behind the runners. In first place for the 5km run was Lucy Oorschot, in second place was Ian Gardner, and in third place was Zoe Maccan who was encouraged along the way by Ellen Rae.

Five runners opted for the 10km distance, which was two laps of the 5km course. Richard Brown managed to hold off Pam Williams for first place, with Lance Williams coming in third.

Next week's event will be held on the bush trail starting near Twilight Beach. Meet near the small gazebo on Twilight Beach Rd at 4pm on Saturday. Distances range from 2km to nearly 9km.
