

Last Saturday's South East Runners' event was held in cool and calm conditions - perfect for running and walking. The start venue was Salmon Beach and the event was a novel one, with the winners being those who most accurately predicted their finish time.

Adam Maccan had the best estimate in the 2km run event and was the winner of the chocolate. Adam also took the line honours, followed by the other members of his family: Zoe, then mum Donna, then Josh.

Leanne Cassam was the winner of the chocolate for the 2km walkers, and was the second place-getter overall. Her husband Chris was the first to cross the line, even with the effort of pushing his children in the pram.

The 6km runners all achieved better times than their guesses, so were maybe too cautious about allowing for the hills. Pam Williams was the closest to her predicted time, being 1.07 under. Shannan Dixon finished first, with Pam Williams second, and Ian Gardner third.

Next week's event starts from Blue Haven car park at 4pm on Saturday. Distances are 2km, 5km or 10km. All runners and walkers welcome.
