

The rain held off last weekend for the South East Runners' event on the bush track near Twilight Beach, which was great for the runners, walkers and spectators who turned out.

There were multiple distances to choose from, ranging from 2km to 8.9km.

Thomas Rae had his first outing with the club for some time, and opted for the short run distance. It was an easy win for Tom, as he was the only contender! Alison and Howard Reddyhough chose to walk the shorter distance, and crossed the line together. There were three contenders in the 4km walk, and just one in the 5.3km walk. Kate and Jack Oorschot finished first in the 4km distance, followed by Lisa Critchley who had a bit of a handicap pushing a stroller up and down the hills. Chris Cassam once again showed his fast pace in the 5.3km walk.

Eight runners opted for the 5.3km run, with Patrick Rae holding off Owen Critchley by just 10 seconds to take out first place. Pam Williams was the third runner back. In the 8.9km run Stephan Haycock turned the tables on Lucy Oorschot to take the line honours this week. Richard Brown was the third runner home.

Next week's event is a change of day and time, to Sunday morning at 9am. The venue is Helm's Arboretum and the event is an orienteering style run or walk, hosted by Neal IT. There will be a breakfast barbecue following the run or walk and prizes for winning teams and individuals.
